## DORIAN SCHOOL HAS ITS FIRST GRADUATION

Splendid Audience Attends  
Exercises at Columbian  
Hall Last Night.

Captain Farley Makes the Ad-  
dress of the Evening

### CURRICULUM TO BE EXTENDED.

Before a splendid audience, the first annual commencement of the Dorian private school was held last night at the Knights of Columbus hall. In the graduating class were three girls: Miss Willie Mae Rouse, Miss Mary Murrin Dorian and Miss Marie Friedrich, and the large hall was filled with the friends of the graduates and school. A delightful program interspersed with musical numbers, was rendered by the graduates.

The commencement was an auspicious event for the three young graduates and the school. Seated on the stage were the three young ladies with Captain Ed Farley, state treasurer, and Mrs. John J. Dorian, principal of the school, and Mrs. J. Stoddard Robertson and Messrs. William Wilhelm, Hyers Staten and Lloyd Robertson. The stage was a bank of lilacs and potted plants and formed a beautiful background. On the left of the stage was a huge bunch of red and white carnations, emphasizing the class colors and the class flower.

An orchestra furnished music during the evening. Following the singing of the national anthem, Miss Mary Murrin Dorian, read an essay on "Consider the Lilies of the Field." The essay read by the graduates followed one theme and were connected in thought. Miss Marie Friedrich read an essay on "They Labor Not, Neither Do They Spin." The third essay was read by Miss Willie Mae Rouse, "Not Solomon in All His Glory Was Not Arrayed As He Is of These."

"The Song That Reached My Heart" was delightfully sung by Mrs. J. Stoddard Robertson and she accompanied with an encore, "The Song My Mother Used to Sing." The vocal selection participated in by Mrs. J. Stoddard Robertson, Miss Marie Friedrich, Lloyd Robertson, Hyers Staten and William Wilhelm was received enthusiastically.

Following the essays, Captain Ed Farley presented each of the three graduates with a pretty gold medal. He accompanied the presentation with a general speech and crowned the three young ladies with laurel wreaths. The medals are gold engraved with a laurel wreath and a bar across with the inscription, "Graduate Dorian Private School."

Mrs. Dorian opened her school about eight years ago and has met with splendid success, having fulfilled a long felt need. Next year the curriculum will be extended to include a course in art and music. Mrs. Dorian was the recipient of many congratulations during the evening for her splendid work. Out of town guests for the commencement were: Mrs. T. A. Gould, Evans, Tex.; Mr. and Mrs. Will Richardson, Chicago; Miss Alice Mohan, Chicago; Mrs. J. A. Goudson, Chicago; Mr. L. Henry Dixon; Captain Ed Farley, Frankfort.

## New Sleeper Service to Louisville Profitable

Good business has been done by the Paducah sleeper between Paducah and Louisville. The patronage has been as good as the officials expected and as long as the present business continues it is certain that it will remain permanent. As the fact becomes better known it is expected that the patronage will become better.

Four sections of the car are reserved for passengers from Cairo, and it has been liberally patronized. Passengers from Mayfield come to Paducah on the 8 o'clock train. They are able to spend the evening in Paducah, and then return to their berths, and wake up in Louisville after a night's rest. The patronage of the sleeper from Louisville to Paducah is equally as good. The passengers are permitted to remain in their berths until 7 o'clock in the morning. The placing of the special sleeper on the fast train is

## DOWN TO WORK

DR. M. AND REELFOOT PREPARING FOR THEIR GREAT RACE.

West Kentucky's biggest attraction for years will be the match race between Dr. M., owned by Hugh Marshall and Reelfoot, owned by Harry Meyers, July 1 at the West End race track. Secretary Rodney Davis, of the Paducah Fair association, announced today that special round trip rates to Paducah for that date had been provided by railroads and steamboats and thousands of visitors are coming. Rates will also be furnished for the races on July 4 and 5.

Tomorrow morning will be the regular day for both pacers to work out and a large crowd will be out to see them. Both animals are being worked between 2:14 and 2:20 for the mile and will not be pushed for a fast gait until the approach of the day for the race. Tuesday Capt. Tom Settle drove Dr. M., a mile in 2:11 1/4 seconds, which is the fastest time the stallion has made on the local track. The track record here is held by Reelfoot, who stepped off the two rounds in 2:10 1/4 seconds two years ago. The paddlers as to the time that will be made at the race July 1 are varied. Some expect the pacers to clip it off at 2:03 or 2:08, but this would equal a 2:02 or 2:03 speed on a mile track. It is the general belief that the time will be between 2:10 and 2:12, although this may be lowered. Both horses could not be in better condition and betting has already begun. Dr. M. seems to be the favorite, although Reelfoot has many backers. Betting is said to be even money and both sides have the assurance of a close race.

Dr. M. will be shipped to Ft. Wayne, Ind., to be entered in the \$2,000 stake race there July 2. The stallion will race over the grand circuit and his trainer, Col. Settle, expects much out of him this year, as he is young and able to get over ground like an arrow.

### HOSE FOUND ALONE.

Edwards, insular chief and a close personal friend of Taft, in an interview here today declared that much of the president's influence in forcing legislation through the senate is due to the work of Aldrich. ## FIGHT PROMOTERS

WILL RESIST GOVERNOR'S EFFORTS TO STOP SCRAP.

San Francisco, June 16.—Promoters Rickard and Gleason announced this morning they wouldn't remove the Jeffries-Johnson match from Frisco without a legal fight. As a result of Gov. Gillette's order to Attorney General Webb to stop the fight through the courts, Webb will probably ask for an injunction tomorrow. If it is granted the fight will probably be at Reno.

San Francisco, June 16.—Governor Gillette said today: "I've received thousands of letters urging me to prevent the fight, but they didn't have anything to do with my decision. I've acted as I thought I should. I deem it to be a violation of the law and have deliberated over this matter with much care for the past ten days. I cannot be swayed from my intention."

### Promoters Confident.

San Francisco, June 16.—Gleason said to the United Press: "It looks to us like the fight will take place here, exactly as planned. I don't think there is any doubt of it. I don't believe it can be stopped." Rickard said: "We have a chance to hold on the fight here and are going to fight for our rights. If beaten we will go where we can't be stopped." Work on the arena was ordered stopped today.

## Demented Man Stopped at the Threshold of the President Doors Armed With Revolver Today

He Had Eluded the Vigilance  
of the Guard and About to  
Enter the Executive Office.

Washington, June 16.—Armed with a 38 revolver, James Stricklin, a miner of Cumberland, Md., gained an entrance into the executive office at the white house and almost succeeded in passing the doorkeeper guarding the president's office today. He was well dressed and walked briskly into the executive office and said, he had an appointment with the president. He succeeded in avoiding suspicion until at the threshold of the president's office. The doorkeeper noticed a slight expression of excitement in the man's eyes and as Stricklin was about to enter the door the doorkeeper changed his mind and called Detective Sergeant Dalrymple. The detective questioned the man and decided his mind was not right. He then searched him and found a revolver and \$100. He was taken to the police station. Stricklin says he is 44 years old and that Taft has been advertising for him in the papers, and he went to the white house to answer the ads. The secret agents are investigating a rumor that Stricklin is the same man who attempted to reach Roosevelt two years ago. Stricklin called at the white house last June and attempted to see the president. He was heavily armed. He has been in the asylum several months.

It will be two stories. The first floor will have a big reception room, a smoking room, pool room and probably a gymnasium with the bath equipments. Unconscious of her danger, Miss Shaw backed too near the lighted candelabra on the buffet and the flame plumed on her hat caught fire. In taking her hat off her hands were slightly burned, while her dress was badly damaged by small holes being burned in it. Those near her smothered out the flames before she was burned.

300 Americans in Town Not Believed to Be in Danger as Hotel Is On High Ground.

Munich, Bavaria, June 16.—Oberammergau, the scene of the Passion Play, is today cut off from railway communication with outside points by a flood that has invaded the district. Of the 600 strangers in the place to witness the sacred performance, 300 are Americans. It is believed, however, that there are no danger, as the hotels are on high ground. The lower streets are filled with water. High water is reported in the streams throughout upper Bavaria. The meteorological observatories in the higher Alps announce that the snow is melting rapidly and that greater floods are expected.

### DEATH AND SUFFERING.

People Climb Into Top of Trees But Are Drowned.

Cologne, June 16.—Stories of death and sufferings of survivors are brought by refugees from the flooded valley of the Ahr. The waters are rapidly subsiding, but while at their height they wrought frightful damage. Several villages on the banks of the river Ahr were literally washed away. Houses, collapsing, buried their occupants beneath the flood. So strong was the current that it swept away locomotives and steam road rollers as a child might scatter its toys.

In some instances, where the villagers, driven from their homes by the waters lacked time to reach the hillsides, they climbed into branches of trees, only to be drowned as the rising waters tore the trees up by their roots and bore them away. Near the mouth of the Ahr river a rescuing party recovered the bodies of a woman and an infant. The little one was tightly clasped in the mother's arms.

## DEAN APPEARS HAPPY IN JAIL AND HOPEFUL

Ferrin Says He Has Made No Denial of His First Story

And Refuses Further Discussion of the Affair.

### NO NEW DEVELOPMENTS TODAY

Despite the fact that his arrest was due to the confession of Tom Farrin implicating him in the crime, Guy Dean says he does not bear any malice towards Farrin. This morning Dean said: "At first I was a little 'sore' at Tommie, but I ain't now. We have been chummin' together for many months. That night they brought me in jail I walked all around the corridor looking for him. The next morning I whistled, and he answered me. That was the first he knew I was in jail, too."

Dean appears happy in jail and expresses the hope that he will soon be released. He is in a single cell, and is not permitted to see or talk with Farrin, who is in the corridor with the other prisoners. Farrin denies that he has made any statement that his confession is not true. His uncle, Turner Anderson, has secured Judge Sam Crossland to defend him and Farrin will not make any further statements in regard to the murder. Yesterday he said that if he ever got out of his present trouble that he would bet he would not get in any more. There were no new developments today.

### PAVING FOR VOTES IS COMPENSATION, NOT BRIBE.

Unique Plea of Browne Leads Interest to Famous Trial.

Chicago, June 16.—Denying that the acceptance of reward for the performance of an act, such as casting vote, is bribery, except on a previous corrupt agreement, Attorney Forrest made an argument against the admission of the testimony of Representatives Link and Beckebeyer in the trial of Lee O'Neill Browne, both of whom, the state announced, would testify to having been paid to vote for Lorimer. If the objection is sustained it means White's story must stand alone as the sole reliance of the state.

## GOV. HASKELL GETS A SETBACK

JUDGE SUSTAINS GUTHRIE'S CLAIM TO LOCATION IN DECISION TODAY.

Oklahoma City, June 16.—Holding the enabling act legally imposed conditions that the state capital remain at Guthrie till 1913 and that Attorney Logan, of the county, has the right to apply for an injunction to prevent its removal, Judge Huston overruled Governor Haskell's demurrer. The judge held the governor and all state officers are amenable to the state courts. Attorney General West immediately ask the supreme court for a writ of prohibition to prevent an enforcement of the injunction. By Judge Huston's ruling the temporary injunction prevents the removal of the books, records of the state to Oklahoma City is still in effect.

Games Today and Tomorrow.  
Hopkinsville at Vincennes.  
Clarksville at Paducah.

Vincennes made it an even break yesterday afternoon when the Allies won the fourth game of the series by a score of 6 to 2. The victory was due to the masterful pitching of L. Johnson, who held Paducah at his mercy at all stages except in the third inning, when the Indians secured two of their three hits, and forced over their two runs. From the third inning on there was nothing doing for the Indians, except to walk up to the pan and strike out or hit the ball for a measly laid-off rap.

It was embarrassing for the Indians, too. It was ladies' day, and the fair box was out in full force to see the concluding game of the series. Crain was on the mound for the Indians, but the tall pitcher's curves were straightened out by the Allies with ease. In the sixth inning, Dehaven made the longest hit of this season. He was first up, and met the ball squarely. It sailed high and towards the club house. Fans seized their seats for it looked like it would sail over the fence. However, it dropped in the corner against the fence, and before Angermeyer could throw in, Dehaven had made third base. The hit was the feature of the game.

Vincennes started in the scoring in the third inning. R. Johnson singled, and was advanced to third by a single of L. Johnson. Johnson scored when Mercer let a grounder from Dehaven's bat pass through his legs. However, the Indians came back stronger and made two runs. Tidwell was first up and walked. Crain followed with a drive down third base and was safe at first. Angermeyer hit an infield grounder to short and was safe at first, but Tidwell was tagged at third. Mercer flew out to Stanley. Lockhart followed with a long smash to center, and Crain and Angermeyer counted. Nothing more was added although Cooper walked, Block knocked a high one to center field.

It was in the fourth inning that Vincennes broke the hearts of the fans, when four runs were made. Jantzen hit a slow ball to the infield and was safe at first. Hurst followed with a safe rap to center garden, and Nairn received four wide ones, filling the sacks, with nobody out. Jantzen struck out, while L. Johnson received free transportation. L. Johnson batted one to left and Nairn and Gosnell came home. Dehaven hit one to Payne, who threw

and R. Johnson at the home pan. Stanley ended the misery by flying out to Mercer. In the sixth inning, just in agony the fans, the Allies added one more. Dehaven was first up and potted a three-base drive to the corner of left field. Stanley followed with a neat smash, and Dehaven scored. In the ninth inning the Indians lost an opportunity to make a double play. Hurst flew out to Block in right, and he doubled to Cooper. Cooper thought three men were out, and made no effort to put out Jantzen, who wandered off first. The summary:

"Hopkinsville" and "Clarksville" Break Even in Doubleheader.

Hopkinsville, Ky., June 10.—An even break resulted in yesterday's doubleheader. Hopkinsville won the first game 13 to 0, while Clarksville won the second game 5 to 3. The first game was a regular old-fashioned slugfest, and Fay was hit hard. In the second game Yun twirled a good game after relieving Woodring.

Diamond Scrapings.

Crain had a sore arm yesterday, and that was one reason for his inability to clip the corners of the plate. In sliding home in Tuesday's game, the pitcher struck a small piece of glass in his pitching arm, and it worried him all during the game yesterday.

Block, who has been playing the outfield, has been signed as a regular outfielder. He has been hitting the ball in good style.

Clarksville arrived this morning to begin the series of four games. Next will be Hopkinsville and then Vincennes again.

Vincennes was fortunate in securing an even break on the series. Paducah should have had three games of the four.

Hurst is due to twirl this afternoon.

The swat Dehaven gave the ball was a heart-rendering ache to the fans. The sphere rolled to the corner of left field, and a little more would have been good for a homer.

Cripplings vs. Weilles.  
The Weilles will tackle the Cripplings Sunday morning on the Hammond west of the Illinois Central shops. Johnson and Wagner will work for the Weilles, while Hollish and Mercer will be on the points for the Cripplings. A good game is promised.

Personally appeared before me the 3rd day of May, 1910, R. D. MacMillan, Business Manager of The Sun, who affirms that the foregoing is a true and correct statement of its circulation for the month of April, 1910, to the best of his knowledge and belief.

**PETER PURYEAR,**  
 Notary Public.  
 My commission expires January 10, 1912.

**Daily Thought.**  
 He whose goodness is part of himself is what is called a real man.—Mencius.

**WE HIT IT AGAIN.**  
 To the ear of him who says it, no words are sweeter than these, "I told you so."

Yesterday the under secretary for foreign affairs stated in the British parliament that President Roosevelt submitted to him the Gullid hall speech for his approval before it was delivered, and that he heartily approved every word of it.

This recalls our own words of June 1, when the press generally was questioning the propriety of the utterances. We said:

"For our part, we would like to know what is behind his speech in London yesterday, charging England to look to her obligations in Egypt. He spoke his mind freely to the Nationalists at Cairo after a sojourn of a year in British African possessions, associating with the colonial officials; and he spoke without reserve yesterday in London, after an association of some days with British officialdom. Theodore Roosevelt knew what he was doing, and knew what he was saying would not be displeasing to those, who have the best interests of the government at heart. Probably it required just this criticism from the outside to drive the British public into support of a strong governmental policy in Egypt. We don't know all the facts; but have great confidence in the discretion, as well as in the boldness of Mr. Roosevelt."

## AMERICAN DIPLOMACY.

That is a glorious record of diplomatic achievements. Secretary of State Knox outlined, in his exposition of the American diplomacy at the University of Pennsylvania yesterday.

American diplomacy has hardly been considered worthy of the name among nations, and even Americans have held it in contempt, to the extent of admitting that we have no ultimate purpose constantly in view, and no settled policy for their achievement. Yet, the history of them shows that the American policy has been unswerving, where the policies of other nations in that time have changed to meet opportunity and confront conditions; and that the ultimate purpose of American diplomacy has gradually forced all other civilized nations into adopting our policy.

From the outset America has advocated arbitration by an international court, having, not only diplomatic but judicial powers and functions, backed by the moral support of civilization itself, and in her first negotiations with Great Britain the theory was enunciated.

America proposed the peace conferences, American influence has prevented numerous wars in the last hundred years; American diplomacy brought about the end of the Russo-Japanese war with honor to both parties and the integrity of China intact; American diplomacy opened Japan to the trade of the world, insured the open door in China; prevented the spoliation of the empire

by Europe, and has moved steadily to the adoption of international conditions in Asia to modern conditions; American diplomacy is bringing order out of chaos in Central and South America, by encouraging good government and straightening out the tangled finances of the nations, while American capital is assuming charge of public works.

The reason America is said to have no diplomacy was found in the current definition of diplomacy. It was polite international lying. In their dealing with one another, nations assumed that each was holding back its real purpose, and when an agreement was reached it was upon a basis of mutual advantage at the expense of some weaker power.

The extension of territorial limits for the purpose of enriching royal treasuries is no longer a diplomatic possibility, excepting in Asia, where the diplomacy of the United States, since the opening of the ports of China, has held the world at bay; and military occupation is no longer winked at. As Roosevelt said in London, a civilized nation is trustee for the world in its colonial possessions, and the civilized world holds the possessor nation accountable, as it has held Belgium in the Congo Free State.

Today the theories of frank good will and honesty of purpose to encourage self-government and administer colonial obligations for the benefit of mankind, and particularly those directly affected, is adopted by the world. The man whose words have been heeded by the heads of every European government is an American; the man who first accepted the position of a colonial governor pledged to administer it for the benefit of the people governed, and made good, sits in the white house when he is at home.

Let no one sneer at American diplomacy? It has won.

## UNCLE JOE AND THE PRESS.

Joe Cannon at the request of the American Press submitted a criticism to the method of handling and publishing news, which summed up, goes to the discretion in discriminating between what shall be "played up" and what shall be "made up." He gives for example one day on which he received a postal card, ostensibly from a coterie of spinsters, asking his advice on matrimony; presentation of testimony before an investigating committee; the "swan song" of a retiring senator; a debate on the sundry civil bill and a constitutional argument on the postal savings bank. "Jo-Uncle" protested that his "matrimonial bureau" should not have secured first place, the senatorial "swan song" second, and the constitutional argument, the sundry civil debate, and the investigating committee been accorded only paragraphic mention. He says it is evidence that newspapers, instead of trying to educate the public, are made to sell.

Mr. Cannon's deductions are fine; newspapers are made to sell; and they will "play up" news in proportion to the ratio of the public interest in the various items. But Mr. Cannon will find, that after he is retired from the speakership to his farm near Danville, Ill., he may receive a whole "postal card shower" without so much as winning him a line in the local paper, and then he will appreciate more fully how far the personality in the line light at that particular time affects "news values." Any item, which includes the name of "Jo-Uncle" just now, has news value, relatively important as the connection with the speaker is close or remote. If the average reader can be tricked into reading even paragraphs of constitutional arguments, Mr. Cannon ought to be willing to sacrifice his dignity to the extent of making the page bright and attractive in which the pill of information is concealed.

Editorial comment we must admit is mostly garb and persiflage. The following of such periodicals as the Saturday Evening Post and Collier's is remarkable, and their flippant superficialities are about the heaviest brain food the average reader cares for. It costs more to become a newspaper proprietor than it does to become a congressman, and the returns are disproportionate. The newspaper man knows that, instead of educating his public, by giving it constitutional debates, when it wants funny stories about Joe Cannon, he will be driving them away to some competitor; so he, if he is serious and conscientious, will sandwich a fact about the government between two jokes about the speaker, and let nature take its course. After all, he can only assist human nature, he can't make it over.

But there is one respect in which the press generally is subject to criticism; and a layman is scarcely capable of criticizing it; that is the desire to make ever yitem of news as entertaining as such a "feature" as "Jo-Uncle's" matrimonial bureau naturally is. There are several causes. In the first place, every reporter and correspondent possesses a creditable ambition to get his story in and get it in as prominently as possible. Consequently, he "plays up" the part that most appeals to the emotions—startling, humorous or pathetic. If it is a sermon, his trained ear catches the ludicrousness and the incoherence; if it is a political speech, he finds the new and alarming. This sense of news values is essential; but if he happens to be dishonest, he may take isolated sentences and incidents and strip them of their context, to the great harm of the speaker. The news writer in necessity advanced to the news desk with the same faculties ever alert for the same features; and truth reaches the ultimate consumer

flavored with strong spices of imagination.

This is the especial fault of "yellow journalism," which recently has come into considerable disfavor among newspapers, and has attacked the magazines in virulent form. Newspapers were dragged away from partisanship by the free lance methods of the "yellows," and now a reaction has set in toward accuracy as a virtue. Newspapers are assuming their rightful place as the independent purveyors of facts, and the criticism of them comes chiefly from those public men, whose doings are chronicled with by irreverent hands for the gratification of an interested and humor loving public. That is all.

We believe the whole tendency is toward a better recognition of the obligations of the press; and "Jo-Uncle" has to thank the modern methods of newspapers, that he was asked to express his views and encourage to hit just as hard as he could in the columns of the American Press.

## "DOGGONE DOGS" GO.

Thirty-Six Escaped From City Pound Last Night.

Thirty-six dogs, impounded by the city near the gravel pit at the end of North Sixth street, escaped last night through the door, the lock of which had been broken by unknown parties.

"Well, I'll be doggone," expostulated the late stock offices, Lyeurus Rice, who had taken all the trouble to catch the canines. The worst phase of the "crime" was that today was the day set for the wholesale execution of the "pups." A negro living on the city's property had been appointed to watch the pound, but knew nothing of the delivery. Chief of Police Singery has instructed every patrolman of the affair and the department has begun working to find the miscreant, who will be dealt with severely if caught. Patrolman Rice will begin over again and precautions will hereafter be taken in order that the delivery shall not happen again. This makes the second delivery of dogs from the city pound this year.

Don't overlook your city taxes and have to pay the penalty. Better see after this today.

Dr. Beverly Martin has returned to his home in Greenville after a visit to his parents, Mr. and Mrs. W. A. Martin.

Nagel, a partner of the firm of Brown, Nagel & Co. When Mr. Nagel went to his office at 7:30 p. m. last night a form sprang at him and after a short fight between the two, lasting several minutes, his antagonist escaped through the door.

Mr. Nagel notified the police and after searching the building found Farmer on the second floor. He claimed he had seen a burglar enter and was trying to locate him.

### FEED CHILDREN

On Properly Selected Food. It Pays Big Dividends.

If parents will give just a little intelligent thought to the feeding of their children the difference in the health of the little folks will pay many times over, for the small trouble.

A mother writes saying: "Our children are all so much better and stronger than they ever were before we made a change in the character of the food. We have quit using potatoes three times a day, with coffee and so much meat."

"Now we give the little folks some fruit, either fresh, stewed, or canned, some Grape-Nuts with cream, occasionally some soft boiled eggs, and some Postum for breakfast and supper. Then for dinner they have some meat and vegetables."

"It would be hard to realize the change in the children, they have grown so sturdy and strong, and we attribute this change to the food elements that, I understand, exist in Grape-Nuts and Postum."

"A short time ago my baby was teething and had a great deal of stomach and bowel trouble. Nothing seemed to agree with him until I tried Grape-Nuts softened and mixed with rich milk and he improved rapidly and got sturdy and well."

Read "The Road to Wellville," found in pkgs. "There's a Reason." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## GILLETTE SEEKS TO STOP BIG FIGHT

STIRRED TO ACTION BY INSISTENT PROTESTS.

Sporting Men Are Cast Down, But Plan to Pull Fight Off in Utah or Nevada.

## NOW UP TO SUPREME COURT

San Francisco, June 16.—Stirred to action by insistent protests from all parts of the state, Governor Gillette today took steps to prevent the championship fight between Jeffries and Johnson on July 4.

In a letter to Attorney General Webb, the governor expresses his disapproval of prize fighting in unmeasured terms, directs that the aid of the courts be invoked in preventing the matter, and concludes with a positive order that in case the plan for a restraining order is not granted and the fight is held, the attorney general shall proceed to gather evidence to prosecute the principals and those interested in the fight, for violation of the penal code of the state.

The better declares that the supreme court of California has never defined a prize fight and suggests that an opportunity be given it to do so. This is taken to indicate the governor's intention to press his opposition and the status of the fight is in an unsettled condition tonight, the sporting fraternity are much cast down, and it is generally believed the death knell of prize fighting in California, the "Mesa of prize fighters" according to the governor's letter, has been sounded.

This is borne out by the fact that the governor telegraphed Webb later in the day to take similar action on the fight between Langford and Kaufman, scheduled for next Saturday.

Promoters Rickard and Gleason were taken completely by surprise. They heard no whisper of the governor's intended action.

After a conference with Webb, Rickard said he believed the fight would be held in San Francisco on the advertised date despite the governor's order. He would not say positively what his course of action will be until Webb has handed down his opinion. But Rickard has no intention of abandoning his efforts to hold the fight here.

Rickard said Webb promised him, because of the great expense of erecting the arena, and other matters connected with the fight, that his opinion will be forthcoming within two days. In the meantime he would make ready to take the fight to Nevada or Utah if compelled to do so.

The governor, in his letter, declares that the toleration of prize fighting in California is a disgrace to the state.

When the word of the governor's order was received by Jeffries he refused to believe it. The camp was thrown into an uproar.

"I don't care where the fight takes place," declared Johnson, "I am willing to go any place."

Reno, Nev., June 16.—Reno bid for the Jeffries-Johnson fight this afternoon when A. J. Alworth, a theatrical manager, representing local business men, telegraphed Rickard.

A few weeks ago, in a very nearby town, one of the most prominent merchants lost his entire stock of goods by fire. He was fully insured, he thought.

When time for settlement came however, he found the one company in which he had the biggest insurance, was insolvent, BROKE, and the loss wiped the merchant out of business.

and that this city would erect an arena. The Nevada law permits finish fights.

## Bennett Telegram Recalled.

Washington, June 16.—The move of the state authorities of California to stop the Jeffries-Johnson fight is believed in Washington to have its origin in a telegram which Representative Bennett, of New York, sent William R. Wheeler, president of the San Francisco chamber of commerce on May 25. The telegram was to the effect that the moral sentiment of the country was so opposed to the fight that unless it was prevented there would be grave danger that congress would take unfavorable action on the resolution now before it, naming San Francisco as the place for holding the international celebration of the opening of the Panama canal. Bennett is a member of the foreign affairs committee of the house.

In response to Bennett's telegram, he received from Wheeler the following: "Please urge your committee of public spirited citizens promoting the San Francisco exposition that the people generally interested therein are not favorable to the Johnson-Jeffries fight. It will be decidedly unjust to consider the latter proposition in connection with the former."

## Will Ask Injunction.

San Francisco, June 16.—Attorney General Webb tonight said that he would ask for an injunction in the superior court in a couple of days. Rickard and others said the fight probably will go to Bly or Reno, Nev.

Jeffries and Johnson both said they will meet each other anywhere, although they preferred San Francisco. Sportsmen seem agreed that pugilism is dead in California.

## What McCarthy Says.

Chicago, June 16.—"I am running San Francisco. I am taking no orders from Gillette or his attorney general. You can bet your last dollar that the big fight will be pulled off in my town, just as advertised," said Mayor McCarthy, of San Francisco, while passing through Chicago tonight on his way home.

"The big fight will come off in San Francisco July 4, bet your life,"

## SCARED INTO SOUND HEALTH.

Mr. H. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress."—Gilbert's Drug Store.

## A Bank at Lovelaceville.

Lovelaceville, June 16.—The stockholders of the Bank of Lovelaceville, which is in progress of organization, have elected the following directors: L. E. Stevens, Ed Elliott, D. E. Stall, Dr. Thompson, J. K. Rudolph, M. H. Rudolph and M. Wyman. D. E. Stall is president, and Mr. Wyman will be cashier. Most of the stock of the bank, \$15,000, has been sold and the institution will begin business September 3. A building will have to be erected, and the location of it will be decided in a few days.

## GLAD TO RECOMMEND THEM.

Mr. E. Weakley, Kokomo, Ind., says: "After taking Foley Kidney Pills, the severe backache left me, my kidneys became stronger, the secretions natural and my bladder no longer pained me. I am glad to recommend Foley Kidney Pills." In a yellow package.—Gilbert's Drug Store.

## BIG SQUABBLE

WEDNESDAY IN BROWNE TRIAL AND JURY WITHDRAWN.

White Fetched His Testimony and Says He Had Offered His Story to Magazines.

Chicago, June 16.—A bitter controversy as to the admissibility of the testimony of Representative Meyers, of Paris, Ill., Beckmeyer, of Chicago, Ill., and Link, of Mitchell, Ill., was in full swing when the trial of Lee O'Neill Browne, legislative minority leader, charged with bribery in connection with the election of United States Senator Lorimer, adjourned today. The jury was excluded from the room while the argument took place. It is probable the mooted point will not be settled before noon tomorrow. States Attorney Wayman insists that the testimony of Meyers, Beckmeyer and Link is material to the point at issue, while the defense declares the evidence is not admissible against Browne.

During the day former Representative White, who precipitated the bribery scandal by "confessing" that he had been paid \$1,000 by Browne for his vote for Lorimer, admitted, under cross examination, that he would as readily have accepted \$5 or \$10 for his vote.

The names of Agnes Wood, Edith Wood and Catherine Wood, of St. Louis, were brought into the case. The defense charged that the girls, at White's request, had altered railroad passes for him. The defense accused White of besting to Catherine Wood that he "had something" on Lorimer, and that he would get money out of the senator or his friends. White stoutly denied the boast.

White testified that before going to the Tribune with his confession, he had offered the manuscript to the Ridgeway Publishing company, W. D. Page and company, both of New York, and the McClurg Publishing company, of Chicago.

At the conclusion of White's examination, George W. Meyers took the witness stand. It was at this juncture that the defense objected to the testimony of Meyers, Link and Beckmeyer, and Meyers was not permitted to testify.

It is asserted by the defense that the evidence of these three state representatives so far as known, will not show that the payment of money for the penetration of an official act is not bribery and not a crime.

## Minnetonaganone.

A hard name to pronounce, called locally "Minnetog." This is a picturesque summer resort on one of the largest islands of the Georgian Bay, only 3 1/2 hours run by the Grand Trunk railway system from the city of Toronto, Canada, and beautifully situated among the 20-60 islands of that territory. Splendid hotel accommodation, good fishing, fine boating and not hay fever. Bass, trout, pickerel and pike abound. For illustrated descriptive matter and all information, write to W. S. ## VARN-O-WAX?

It's the best you ever saw for renewing the finish of all varnished and enameled surfaces. It's not a varnish, mind you, but a liquid which cleans and polishes and produces a hard, bright piano finish which can not be marred or marked up. It can't stick to it, muddy water can't deface it.

Get a small can and try it: the 25c experiment will astound and delight you.

## S.S.S. PURELY VEGETABLE

It is a generally recognized fact that medicines taken from the botanical kingdom are better adapted to the delicate human system, and safer in every way, than those composed of strong mineral mixtures.

In the early settlement of this land, our forefathers were obliged to procure their medicines from Nature's great laboratories of forest and field. They searched out and compounded the different vegetable materials into tinctures, concoctions and medicines. That these pioneers found the most potent and valuable of the roots, herbs and barks placed at their disposal, is abundantly proven by the fact that the great majority of them were blessed with rugged health. They cured their diseases and were enabled to do the great preliminary work of civilization because the remedies they used were Nature's remedies, and specially adapted to the needs of humanity.

Among the very best of these vegetable preparations is S. S. S., a medicine made entirely of roots, herbs and barks in such combination as to make it the greatest of all blood purifiers and the finest of all tonics. S. S. S. does not contain the least particle of mineral in any form, and is absolutely a safe medicine for any one to use.

While purifying the blood this great vegetable remedy builds up and strengthens every portion of the system. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, Contagious Blood Poison, Hereditary taints, and all other diseases and disorders caused by impure or polluted blood.

As a tonic S. S. S. is unequalled. It invigorates every portion of the system, and the healthy blood it creates largely assists in overcoming any derangement of the digestive system. If you are suffering from any blood trouble, or need a tonic to build up your constitution, you could not do better than to take S. S. S., a medicine that is in no degree harmful. Book on the blood and any medical advice free.
